Design	Hoek Design
Deck / hatches	Teak deck
Cockpit	Self draining with teak flooring
Interior	Mahogany matt varnished
Berths	3
Engine	Volvo D1-13 12 hp sail drive
Fuel tank	40 liters diesel
Fresh water	40 liter
Waste water	30 liter

THE EAGLE 38

Leonardo Yachts is proud to announce a new model for 2019, the Eagle 38. The Eagle 38 is designed in close cooperation with Hoek design, one of the world's leading yacht designers.

NO COMPROMISES ON BEAUTY

As one can expect from Leonardo Yachts no compromises on beauty and elegance were made. The 38 has elegant classic lines combined with modern features and a modern underwater body. The boat is designed as a true daysailer, the cockpit comfortably seats six people and the Eagle 38 can be sailed single-handed. For ease of handling the jib winches are positioned within reach of the helmsman. Optional the Eagle can be equipped with

electric powered jib winches, combine this with a powered captive mainsheet winch and electric halyard winch and it will make trimming and hoisting the sails as easy as pushing a button. The halyard winch is conveniently placed on the coachroof combined with the below deck mounted jib furler system hoisting or lowering your sails will never be a hassle.

Less hassle more fun sailing is our objective.

ELEGANT AND LUXURIOUS FEEL

The interior is finished in varnished mahogany, the ceiling in alcantare, plenty of daylight and warm LED lights gives it an elegant and luxurious feel. The interior offers sleeping space for 3 people. To complete the comfort of a daysailer a toilet is convenient and neatly built in out of sight. Optional a sink and cooking hub can be built in to allow for more comfort during a long weekend. The Eagle 38 can be personalized in many ways. Hull colour, teak deck, teak covered coachroof,

mahogany or teak varnished margin planks and by making your personal choice for the interior and exterior cushion fabrics are just a few examples. Furthermore there are performance upgrades possible as for example different race orientated sails like North Sails 3Di sails, a carbon mast or a deep keel. Get in touch to explore all the possibilities.

We are sure any Eagle 38 will stand out on the water and be admired by those who sail her and those who see the boat sailing.
